

Trippy

Group19-Mobile Application Development 24/25

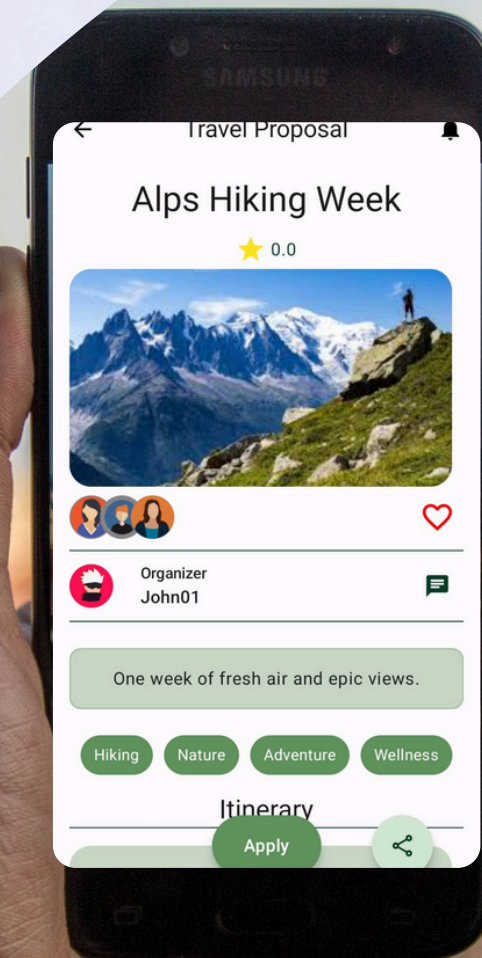

Strategy

Our travel sharing app **connects travelers** to share and discover authentic experiences. Users can join trips organized by others or propose their own, creating a flexible and accessible travel network without agencies.

Our goal is to build a **global community** of travelers seeking genuine, shared experiences. We provide an intuitive platform to discover, organize, and join trips, with a focus on user-generated content and reviews to ensure reliable and **dynamic travel experiences**.
